Interpreter Services during Visits with Your Provider

What if I need interpreter services when I visit my provider?

We know that it can be hard to talk with your provider if your first language is not English or you are hard of hearing. You can ask us for an interpreter. Interpreters are free and available in all languages, including sign language. An interpreter can help you over the phone or be with you at your mental health or SUD visits. The interpreter will help you understand what your provider tells you. Also, we might have providers who speak or sign your language. You can ask to get services from them.

To ask for an interpreter or a provider who can speak or sign your language, call Optum at **1-877-370-8953** and press prompt #3 to talk to a Care Advocate.

What if I want to call Optum and I am deaf or hard of hearing or I have a hard time speaking?

You can call **Relay Utah at 711**. If you have a hard time speaking, you can also call **Speech-to-Speech Relay Utah at 1-888-346-5822** and a trained person will help you. Getting Mental Health or Substance Use Disorder Services

How do I get mental health or substance use disorder services?

If you or your child needs mental health or SUD services, you can see the Provider Directory at optumhealthslco.com. The directory has providers' addresses, phone numbers, services they provide, languages they speak and information on whether they are taking new clients.

After you choose a provider, call the provider to schedule your first appointment. Some services can also be provided outside of regular business hours. If you have any questions, call Optum at **1-877-370-8953** and press prompt #3. A Care Advocate will help you find a provider.

How quickly can I be seen?

Emergency Services

If you need emergency care, you will be seen right away. See *Emergency Services*, on page 10 for information on how to get emergency care.

Urgent Care

If you need urgent care, the provider will offer you an appointment within 5 working days.

Non-Urgent Care

If you do not have an urgent need for care, the provider will offer you an appointment within 15 working days. If your condition changes and you think you need to be seen sooner, call the provider. If the provider cannot see you sooner, call Optum at **1-877-370-8953** and press prompt #3 to talk to a Care Advocate. We will talk about your needs. We will help you find a different provider who can see you sooner.

Do I have to get approval before I get mental health or substance use disorder services?

Optum does not need to pre-approve most mental health or SUD services. If Optum needs to approve the service your provider wants to give you, your provider will let you know.

If we need to pre-approve services, we can usually decide within 14 calendar days. If you or your provider want us to take more time to make a decision, let us know. Sometimes, we might need more time to make a decision. Medicaid lets us take up to 14 more days to make a decision. If we need more time, we will give you our decision in writing. If you are unhappy about this, you can file a grievance.

Sometimes, you or your provider might think it is important to make a decision quickly. If we agree, we will try to make a decision in 3 working days. If you want us to take more time, or if we need more time to make a decision, Medicaid lets us take up to 14 more days. We will give you our decision in writing. We will also let the provider know our decision.

Can I get a second opinion?

Yes. You can get a second opinion about your mental health or substance use problem or services. You will not have to pay for a second opinion. If you would like a second opinion, you can go to another provider. If you want help finding a provider, call Optum at **1-877-370-8953** and press prompt #3 to talk to an Optum team member.

Can I get services in the evenings?

Yes. Evaluations and some therapy services are provided during the evenings. Let us or your provider know if you need services in the evening.

Services From Other Providers

Can I get services from providers who are not in Optum's Provider Directory?

In some situations, you can go to a provider that is not in Optum's provider directory. You and the provider must get pre-approval before you get the service. For more information, call Optum at **1-877-370-8953** and speak to an Optum team member.

You do not need approval before you get emergency services. See *Emergency Services*, page 10.

When will Optum tell me if I can see a provider who is not in Optum's provider directory? We will make a decision within 14 calendar days. We will give you our decision in

writing. We will also let the provider know our decision.

You can get services from a federally qualified health center (FQHC) without approval from Optum.

American Indians and Alaska Natives

If you are an American Indian or Alaska Native, you can get services directly from an Indian health care program (a program run by Indian Health Services, an Indian Tribe, Tribal Organization, or an Urban Indian Organization) without approval from Optum.

Services Not Covered by Optum

What services might be covered by Medicaid but not by Optum?

Some of the services that might be covered by Medicaid or your physical health plan but not by Optum are medical care, including medical detoxification in hospital for a substance use problem, dental care, vision care and pharmacy. If you have questions about these services or any other services that might be covered by Medicaid, call your physical health plan or Medicaid at **1-800-662-9651**.

Also, methadone provided by an Opioid Treatment Program (OTP) is not covered by Optum. OTPs can bill Utah Medicaid directly for the methadone service. You do not have to pay for the methadone.

Transportation

How can I get help with transportation to my mental health services or substance use disorder services?

Traditional Medicaid Members

Rides to your mental health services and SUD services are available. If you do not have your own ride to your services, you can ask for a Utah Transit Authority (UTA) bus pass by calling the Department of Workforce Services at **1-801-526-0950** or **1-866-435-7414**.

If UTA bus service is not in your area or if you cannot use the bus for some reason, rides are covered under Utah Medicaid's transportation program. For more information, please refer to the Utah Medicaid Member Guide. To ask for a copy, or if you have questions, call Utah Medicaid at 1-866-608-9422. You can also find information online at [Medicaid.utah.gov](https://www.medicaid.utah.gov). You can also call Optum at **1-877-370-8953** and press prompt #3 to talk to a Care Advocate.

Non-Traditional Medicaid Members

Rides to your mental health or SUD services are not covered by Medicaid

Emergency Services

Prior authorization is not required for emergency services

What is an emergency?

- When you think your life is in danger

- When you believe you might harm yourself or others
- When your safety or others' safety is at risk

What are emergency services?

These are mental health or SUD services given to treat your emergency.

How do I get emergency services?

Optum has 24-hour emergency services seven days a week.

- You can call the national Suicide Prevention and Crisis Lifeline at 988, 24 hours a day, 7 days a week, including holidays. You will be connected with a Utah crisis worker.
- If you are already getting services from an Optum provider, you can call your provider on weekdays. If your provider is not available, call the national Suicide Prevention and Crisis Lifeline at 988.
- Also, day or night, you can go to any hospital emergency room (ER) for emergency care. Even if you are outside Salt Lake County, go to the nearest hospital ER.

You do not need approval from Optum before you get emergency services.

Mental Health Care in a Hospital

How do I get mental health care in a hospital?

Mental health care in a hospital after an emergency is usually called post-stabilization care services.

Optum uses these hospitals in Salt Lake County:

- **Huntsman Mental Health Institute (HMHI) (formerly known as UNI)**
501 Chipeta Way, Salt Lake City
- **Jordan Valley Medical Center, West Valley Campus**
3460 Pioneer Parkway, West Valley City
- **St. Marks Hospital**
1200 East 3900 South, Salt Lake City
- **Salt Lake Behavioral Health (Ages 13-17 only)**
3602 South 700 East, Salt Lake City

If you think you need hospital care, call Optum at **1-877-370-8953** or go to the nearest hospital.

If a hospital other than those listed above treats your emergency and wants to admit you to the hospital, the hospital must call Optum for approval. It's important to let the hospital know Optum is your Medicaid mental health plan so they can call us if they want to admit you. Hospitals can call us at **1-877-370-8953**. We might have you stay at that hospital or we might transfer you to one of our hospitals.

Payment for Services

Hospital Emergency Room (ER) Services

Will I have to pay for emergency services?

You will not have to pay for emergency services in a hospital ER. If you have co-pays, there is a co-pay if you use the ER when it is not an emergency.

Mental Health Care in a Hospital

Will I have to pay for mental health care in a hospital?

If you have co-pays, the hospital can charge you a \$75 co-pay for each hospital stay but you will not have to pay more than the co-pay.

Some Medicaid members do not have co-pays. You can look at Utah Medicaid's Member Guide for information on individuals who do not have co-pays.

Outpatient Mental Health and Substance Use Disorder Services

Will I have to pay for outpatient mental health or substance use disorder services?

Non-Emergency Outpatient Services

You might have to pay your provider for a non-emergency outpatient service if:

- You get a service that is not covered by Optum or Medicaid; or
- You or your provider do not get pre-approval for a service that Optum needs to pre-approve, or Optum denies the pre-approval request or approves less than was asked for); or
- You do not go to an Optum provider.

If any of the above happens, your provider might ask you to pay for the service. You should only be billed for the service if all four things below are met:

- The provider has a written policy for billing all patients for services that are not covered, not just Medicaid patients;
- The provider tells you before you get the service that you will have to pay for the service;
- You agree to pay for the service; and
- There is a written agreement signed by you and the provider that says what the service is and how much you will have to pay.

NOTE: If Optum did not approve a service you or your provider asked for, you can appeal this decision before you agree to pay for the service. See the *Appeals* Section on page 16.

You might also have to pay your provider for a non-emergency outpatient service if:

- You ask for and get services during an appeal or during a Medicaid state fairhearing.
- You would only have to pay if the appeal or state fair hearing decision is not in your favor.

- You are not on Medicaid when you get the service.

Emergency Outpatient Services

You will not have to pay for emergency outpatient services.

Ambulance Services for Emergency Care

Will I have to pay for ambulance services for emergency care?

- Tell Optum and your Medicaid eligibility worker of changes in your address, phone number or insurance
- Complete any surveys that Optum providers give you
- Respect the property, comfort and confidentiality of clients and staff
- Notify your treatment provider when you want to stop getting services

Fraud, Waste and Abuse

What is health care fraud, waste, and abuse?

Doing something wrong related to Medicaid could be fraud, waste, or abuse. We want to make sure that health care dollars are used the right way. Fraud, waste, and abuse can make health care more expensive for everyone.

Some examples of fraud, waste, or abuse are:

By a Medicaid Member

- Letting someone else use their Medicaid ID card
- Changing the amount or number of refills on a prescription
- Lying to receive medical or pharmacy services

By a Provider

- Billing for services that have not been provided
- Overcharging a Medicaid member for covered services
- Not reporting a patient's misuse of a Medicaid ID Card

Why should I care about fraud, waste and abuse?

Health care fraud, waste and abuse are serious problems and can make health care cost more for everyone.

How do I report fraud, waste or abuse?

If you think there might be fraud, waste or abuse, you can contact:

- Optum at: **1-877-370-8953**
- The Office of Inspector General of Medicaid Services toll-free at: **1-855-403-7283** or email mpi@utah.gov or go to their website: oig.utah.gov
- Department of Workforce Services Payment at: **1-800-955-2210** or email wsinv@utah.gov.

You will not need to give your name if you report fraud, waste, or abuse. Also, your Medicaid benefits will not change.

Adverse Benefit Determinations

What are Adverse Benefit Determinations?

Adverse benefit determinations are when:

- Optum denies (turns down) or approves fewer services than you wanted
- Optum denies payment for a service that you might have to pay for
- Optum does not offer your first appointment within the required amount of time for emergency, urgent or non-urgent care and you are not happy with this (see *Getting Mental Health or Substance Use Services* on page 8)
- Optum does not settle a complaint you have with us as soon as we are supposed to
- Salt Lake County DBHS does not settle an appeal you have filed as soon as they are supposed to
- Optum does not make a decision about getting services you have asked for in the amount of time Medicaid wants us to
- Your provider reduces or stops a service previously approved. If you agree with the change, it is not an adverse benefit determination. It is only an adverse benefit determination if you tell us you don't want the change

How will I know if Optum is making an Adverse Benefit Determination?

We will send you a letter called a Notice of Adverse Benefit Determination. You will have the right to appeal if you disagree with our decision.

Appeals

What is an appeal?

An appeal is when you ask Salt Lake County DBHS to review the adverse benefit determination Optum made to see if we made the best decision.

Who can file an appeal?

You, your legally authorized representative or your provider can ask for the appeal.

When do I have to file an appeal?

Your Notice of Adverse Benefit Determination letter will give complete information on the appeal process, including how soon you must tell Salt Lake County DBHS you want an appeal. In most situations, you must ask for an appeal within 60 days from the date on the Notice of Adverse Benefit Determination letter.

However, if our decision was to reduce or stop services we had already approved, and you want to keep getting the services, you must ask for continuation of services on or before the later of the following:

Within 10 days of Optum mailing the Notice of Adverse Benefit Determination letter to you; or,
The effective date of the proposed decision.

If you ask for an appeal on time, and you let Salt Lake County DBHS know you want to get the services while they make a decision, you may keep getting the services. If the appeal decision is not in your favor, you might have to pay for the services.

How do I ask for an appeal?

The Notice of Adverse Benefit Determination letter will tell you how to ask for an appeal. If you need help asking for an appeal, call Optum at **1-877-370-8953**.

You can also call Salt Lake County DBHS first to file your appeal. Call **1-385-468-4707**, Monday-Friday, 8:00 a.m. -5:00 p.m. Ask to talk to the Quality Assurance Manager. Let them know you want to ask for an appeal.

What if I need help asking for an appeal?

If you need help, call Optum at **1-877-370-8953**, Monday – Friday, 8:00 a.m. - 5:00 p.m. and ask to talk to the Compliance Manager.

When will Salt Lake County Division of Behavioral Health Services tell me the decision on my appeal?

Usually, they will give you a written decision within 30 calendar days after they get your appeal request. Sometimes, they might need more time to make the decision. If they need more time, they will let you know in writing. Also, you might want them to take more time for some reason. If so, let them know. When you, your provider or they think it's important to make a decision on your appeal request quickly, they will usually make a decision within 72 hours.

Medicaid Fair Hearings

What can I do if I am unhappy with the appeal decision?

If you are unhappy with Salt Lake County DBHS's decision on your appeal, or they cannot make a decision on your appeal as soon as Medicaid wants them to, this is what you can do: You, your legally authorized representative or your provider can ask for a fair hearing with Medicaid. In the appeal decision letter, Salt Lake County DBHS will tell you that you can ask for a fair hearing. The letter will tell you how and when to ask for the fair hearing. Salt Lake County DBHS will also give you the Medicaid fair hearing request form to send to Medicaid.

You must ask for a Medicaid fair hearing in writing using the form they give you.

At a fair hearing, you can speak for yourself, or you can have a relative, friend, lawyer or anyone else speak for you. Before and during the fair hearing, you, and any person helping you, can present documents. Also, you, and any person helping you, can look at all of the documents that will be used at the fair hearing.

How soon do I ask for a fair hearing with Medicaid?

In most situations, you must ask for a fair hearing within 120 days from the date on Salt Lake County DBHS' appeal decision letter.

If Optum's action was to reduce or stop services Optum had already approved, and you want to keep getting the services, you must ask for a fair hearing within 10 days of Salt Lake County DBHS mailing the appeal decision letter to you. If you file your fair hearing request in time, and you ask to keep getting the services during the fair hearing, you may do so. If the fair hearing decision is not in your favor, you might have to pay for the services.

How do I ask for a fair hearing with Medicaid?

You must ask for a fair hearing in writing. Fill out the fair hearing request form included with your appeal decision letter. You can also get a hearing request form from Medicaid by calling Medicaid at 801-538-6576 or toll-free at 1-800-662-9651.

Grievances (Complaints)

What if I have a complaint about Optum or my provider?

If you have a complaint about anything other than an adverse benefit determination, this is called a grievance. Examples of grievances are complaints about the quality of care, services given to you, rudeness of a provider or a provider not respecting your rights.

Who can file a grievance?

You, your legally authorized representative or your provider (with your permission) can file a grievance.

There is no deadline for filing a grievance. You may file a grievance at any time.

When will I get a decision on my grievance?

You will get a decision within 90 calendar days after you file your grievance. Sometimes more time might be needed to make a decision. If more time is needed, your provider or Optum will let you know about this in writing. Once a decision is made, your provider or Optum will either talk to you about the decision on your grievance or send you a letter.

Advance Care Directives

What if I am ill and can't make health care decisions?

You can give other people instructions about your decisions for your health care. This is called an "Advance Care Directive". This will tell us in writing what health care choices you want made if you get very sick and can't decide for yourself.

Once you have filled out the Advance Care Directive form, be sure to give a copy to all of your health care providers. You should also keep a copy and give one to your family members. If you would like the form or need more information, please call us at **1-877-370-8953**, or talk to your provider or case manager.

If you have an Advance Care Directive and there is a problem with it being followed, call the Utah survey and certification agency at **1-801-538-6158** or **1-800-662-4157**.
