

Salt Lake County

Provider Resource Guide

This guide includes a list of current Optum Salt Lake County In-Network providers and resources to assist with coordination of care and discharge planning for members who are receiving inpatient services. This guide includes providers offering specialty services and higher levels of care. The full directory of providers can be located at optumhealthslco.com [Find a Medicaid provider](#). These resources are applicable to Salt Lake County only.

Please access this guide at optumhealthslco.com - for Network providers under the Manuals, guidelines, and policies tab for each use to assure the most up to date information.

ACT referrals

Assertive Community Treatment (ACT) teams are intensive, community-based, person-centered, teams who provide support and mental health treatment for adults living with serious and persistent mental illness. This is the most intense outpatient treatment provided and has been called a “hospital without walls.” These teams are multidisciplinary and are characterized by a high staff to client ratio.

Salt Lake County has 4 teams who can bill Optum Medicaid. The information below explains how to make referrals and whom to contact. ACT should be considered for anyone with a serious mental illness who does not have serious impairment due to a personality disorder, TBI, intellectual disability or other organic illness.

VOA ACT - (2 teams)

Susan Pinegar
Regional ACT Director
385-831-9854
susan.pinegar@voaut.org

General Office number
801-875-4558

On-call:
The ACT on-call number is for providers and is always staffed by a prescriber.
Not for client use.
801-889-7575 – ACT I
385-228-8833 – ACT II

VBH ACT

Reilly Gardner
Team Lead
801-536-6540
reillyg@valleycares.com

Russ Pryor, LCSW, MBA
Clinical Director
russp@valleycares.com

On-call
385-228-6627

Emails can be sent to the Access Team, and the ACT team mailbox
access@valleycares.com
acteam@valleycares.com

Youth Higher Levels of Care Providers

For all youth higher levels of care, a referral must be made by the current clinician. The clinician submits the referral directly to the requested program. The requested program reviews the clinical first. If they accept the referral, the referral is then sent to Optum for preauthorization. Referrals are not submitted by a parent.

Hopeful Beginnings: Ages 12-17
3280 W 3500 S, West Valley City, UT 84119
Phone: 801-979-1351

Salt Lake County Division of Youth Services

Family Peer Support Specialist
177 West Price Avenue (3610S)
Salt Lake City, UT 84115

The team's mission is to help parents and/or primary caregivers with children experiencing mental health and/or substance abuse challenges which are resulting in trouble at school, with the law and/or that put the child at risk of out of home placement. Family Peer Support Specialists act as family peer support for families and offer a unique perspective, having utilized the mental health system either themselves or for a family member. Services and support include information to access community resources and local support groups and are provided at no cost to the families.

Referrals:

Kelly Ford
Supervisor, Family Peer Support Program

High Fidelity Wrap Services (System of Care's High-Fidelity Wraparound (HFW))

Statewide program region based

System of Care's High-Fidelity Wraparound (HFW) is a customized service approach to keep families safely together while effectively helping children with emotional and/or behavioral health needs thrive in their homes, schools and communities. HFW is an evidence-based approach to family-driven, team-based, collaborative planning for developing and implementing individualized care plans for children and youth with significant mental illness, emotional disturbance and/or behavioral disorders.

HFW is not case management, it is the Department of Human Services' (DHS) highest intensity service coordination with the goal of ensuring youth with acute needs are able to remain in their homes, schools and communities without the need for residential or out-of-home services. HFW Facilitators are credentialed to facilitate this high-intensity, high-frequency intervention to families of youth with complex needs who meet referral criteria and traditional methods of service delivery have not been effective.

JJS Youth Services Model high fidelity wrap program

3450 S 900W

Salt Lake City, UT 84119

Individualized services for youth so they can safely remain in their homes, schools, and communities. The primary goals are to help keep families intact and to prevent youths from further involvement with the juvenile justice system. "The Youth Services Model is a "no wrong door" approach to early intervention. Through this model, Utah delivers evidence based, individualized youth and family plans with early screening, assessment, plan management, and comprehensive access to services all driven by the youth and family strengths and needs."
